

STEM  
Week of March 30 – April 2

Here are some Science World Activities for STEM AND

I also emailed both of those sections / classes and told them I plan to do a Zoom Meeting next week to share STEM Projects

1. Challenge them to build Catapults out of things at their house (popsicle sticks, chopsticks, plasticware, rubberbands, bungee cords, springs, pencils....) We will share on Zoom the end of next week- for those that want to share
2. Science World - <https://scienceworld.scholastic.com>
  - a. Login and use password - gocon2018
  - b. See attached activities I recommend
3. There is also a Science World Contest they can enter!!

[Scholastic Science World | The Current Science Magazine for Grades 6-10](https://scienceworld.scholastic.com)

Science World shows students the interconnected nature of science by relating each exciting topic to biology, chemistry, physics, earth science and engineering. Plus, all of the magazine's lesson plans are aligned to state and national standards and address the three dimensions of the Next Generation Science Standards.
