

Mental Health Services Notification for Parents and Students under Ed Code 49428

August 21, 2023

Dear Parents, Guardians, Staff and Students;

The health and well-being of our students is one of the top priorities for the Wheatland School District. We want to make sure our students maintain their health and have a positive well-being. We also know that it is not always the case and sometimes students need others to reach out to and discuss any issues they might be dealing with.

Students in need of mental health related services can reach out to their site administrator, school counselor, school psychologist or any other adult on campus. Our staff can help our students and/or they can connect them to community resources as needed.

To access community-based mental health services, families can reach out to Sutter – Yuba Behavioral Health Acute Psychiatric Services at any time at (530) 673-TALK (8255) or toll free at 888-923-3800 for assistance.

Emergency Services can be reached as well at the following:

- Call 911
- Suicide Hotline – call, text, or chat 988
- Sutter – Yuba Behavioral Health Acute Psychiatric Services at any time at (530) 673-8255

Further information can be found on our website or by reaching out to our Administrative Team at each site and District Office. Again, we have full-time counselors and psychologists at each site and we have a district nurse as well as full time health aides at each site.

If you have any questions or concerns, please contact Craig Guensler, Superintendent @ 530-633-3130

Sincerely,

Craig M. Guensler

Craig M. Guensler
Superintendent
Wheatland School District
